

STOP THE 13-UNIT APARTMENT COMPLEX

26 Titus Avenue (at Calef Road) • Case #ZBA2026-063

PUBLIC HEARING — THURSDAY, SEPTEMBER 10, 2026 — 6:00 PM — CITY HALL, 3RD FLOOR

8 UNIT BUILDING — AT GRADE FRONT ENTRY AND WALKOUT

The developer's own rendering: the 8-unit building, as proposed

CONTRARY TO THE PUBLIC INTEREST

No safety, traffic, parking, or light study

ORDINANCE NOT OBSERVED

6 variances sought

VALUES OF SURROUNDING PROPERTIES AFFECTED

Only 20 parking spaces for potentially 40+ residents

NO HARDSHIP TO THE OWNER

Their own submission shows 5 buildable lots

This complex vs. every surrounding single-family lot

The lot is 49,484 sq ft — zoning requires 78,000 sq ft for this many units. They're building on about 60% of the land the rules require.

- Townhouses are not permitted in this district — the City's own zoning review says so directly, and denied the permit on that basis.
- Underparked — 20 spots for 26 bedrooms means overflow parking on Titus Ave, Calef Road, and Mystic Street.
- Exceeds maximum height restrictions — 38 feet proposed where 35 feet is the max allowed.
