RE: ZBA2026-082, 800 Gold Street, B-1

Zoning Relief Required for Use Permit

Your application for a permit dated **August 17, 2026** to establish an animal boarding use, including day care and training, on a lot with 30,608 SF where 45,000 SF is required in the BC-2 Zoning District, all as per documents submitted through **August 17, 2026** and with non-compliance listed in the Zoning Review dated **August 27, 2026** is hereby acknowledged.

According to Section(s) **4.4.6.C.1 Animal Boarding Minimum Lot Area** of the Zoning Ordinance of the City of Manchester, New Hampshire, passed to be ordained on March 1, 2026, this is prohibited. Consequently, I have no authority to grant this permit. Permit is hereby DENIED.

Required Action(s): Conditional Use Permit for reduction in number of parking spaces

Further proceedings contemplated pertaining to this application must be pursuant to NH Revised Statutes Annotated 674:33 or the other statutory provisions relative to Zoning Boards of Adjustment, as may be appropriate.

Michael J. Landry, PE, Esq.
Deputy Director, Building Regulations

Relief Sought From Section(s): 4.4.6.C.1 regarding Animal Boarding minimum lot area

1. The variance would not be contrary to the public interest because: See attached Narrative.

2. The spirit of the ordinance is observed because: See attached Narrative.

3. Substantial justice would be done because: See attached Narrative.

4. The values of surrounding properties would not be diminished because: See attached Narrative.

5. Literal enforcement of the provisions of the ordinance would result in unnecessary hardship if:

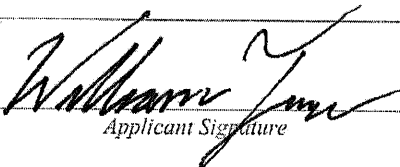

(A) Owing to the following special conditions of the property that distinguish it from other properties in the area:

- i. No fair and substantial relationship exists between the general purposes of the ordinance provisions and the specific application of that provision to the property; and
- ii. The proposed use is a reasonable one.

See attached Narrative.

Or (B) Owing to the following special conditions of the property that distinguish it from other properties in the area, the property cannot be reasonably used in strict conformance with the ordinance, and a variance is therefore necessary to enable a reasonable use of it.

Not applicable.

ADDENDUM TO VARIANCE APPLICATION
DOWNTOWN DOG LODGE LLC
800 GOLD STREET
TAX MAP 875, LOT 5

Introduction

The subject property, Tax Map 875, Lot 5, (the "Property") is a ±30,608-square-foot lot located in the BC-2: Business Corridor District – Regional Center zoning district with frontage on Gold Street. The Property is improved by a ±9,380-square-foot building built in 1969 and most recently used for automotive repair. The Property is located in a dense commercial area accessed from South Willow Street. The Applicant is proposing to redevelop the Property and building into a high-end dog hotel and daycare facility offering three primary services: overnight boarding, dog daycare/play, and dog training. All three services are drop-off and pick-up based, meaning the average client will only be on the Property for a few minutes while dropping off or picking up their dog.

Zoning Ordinance Article 4, Section 4.4.6.C. defines Animal Boarding and/or Kenneling Facility as "Any structure or premises on which four or more dogs, cats and/or other household pets are boarded during the day or for overnight stays. Includes ancillary activities such as breeding, selling, grooming, training, or keeping animals for adoption or sale." This section also provides a minimum lot area for this use of 45,000 square feet. *See* §4.4.6.C.1. As the Property is ±30,608 square feet, variance relief is required.

Variance relief requested from:
Article 4, Section 4.4.6.C.1., Minimum Lot Area

1. The variance would not be contrary to the public interest because:

For a variance to be contrary to the public interest, the proposal has to conflict with the ordinance so much that it violates the ordinance's basic zoning objectives. The relevant tests are (1) whether the proposal will alter the essential character of the neighborhood; and (2) whether it threatens the public health, safety or welfare. The Property is in a dense commercial area, and is directly abutted by a NH Liquor & Wine Outlet, Enviro Arbor Solutions, the rear of the Hannaford supermarket, and an Enterprise Rent-A-Car parking lot. Mercedes-Benz of Manchester is located across Gold Street from the Property's entrance. The essential character of the neighborhood is commercial, with many of the lots and buildings developed in the 1960s, '70s, and '80s. The proposed use of the existing building will have nearly no effect on the neighborhood composition and will not alter the essential character thereof. Similarly, renovating and reviving this building from an automotive use to the proposed dog daycare will not threaten the public health, safety, or welfare, but will instead enable use of the Property and add a necessary modern amenity to this part of Manchester.

2. The spirit of the Ordinance is observed because:

Because it is in the public's interest to uphold the spirit of the ordinance, the New Hampshire Supreme Court has held that these two criteria are related. If an application meets the first criterion, it almost certainly meet the second. *See Farrar v. City of Keene*, 158 N.H. 684 (2009). Among the stated purposes of the Manchester Zoning Ordinance is to encourage the most appropriate use of land, and to allow for planned, orderly, and beneficial growth. (§1.02(H)) Furthermore, the stated purpose of the BC-2 zone "is to provide for medium to high intensity commercial uses that have a community-wide or regional market and that benefit from access to major city streets and highways." (§3.3-A.) The proposed use operates via customers dropping off and picking up their pets without the need to park for long periods. The Property's proximity to South Willow Street and Interstate 293 provide the benefit the BC-2 zone promotes, and this proposal increases diversity of uses in this neighborhood. Therefore, it complies with the spirit of the Zoning Ordinance.

3. Substantial justice would be done because:

The New Hampshire Supreme Court has held that measuring substantial justice requires balancing public and private rights. "Perhaps the only guiding rule is that any loss to the individual that is not outweighed by a gain to the general public is an injustice." *Harborside Assocs., L.P. v. Parade Residence Hotel, LLC*, 162 N.H. 508, 515 (2011). There is no gain to the general public in denying this variance, as it would prohibit a viable use of the existing building in furtherance of a size restriction aimed to prevent potential nuisance from kennels located on undersized lots in susceptible areas such as residential zones. The proposed use is appropriate for the area and would not harm abutters. *See U-Haul Co. of New Hampshire & Vermont v. City of Concord*, 122 N.H. 910, 913 (1982). Therefore, "the general public would realize no appreciable gain from denying" the variance. *Id.* As such, substantial justice is done by granting the variance.

4. The values of surrounding properties would not be diminished because:

The proposal is of a reasonable size and location and consistent with the other commercial uses in the neighborhood. Most of the surrounding uses are buffered from the Property by significant parking lots. The Applicant's project will not be distinguishable from other commercial uses in the area and therefore should not have any detrimental impact on the value of surrounding properties. Adding a new use to the Property will, if anything, improve surrounding property values because it will demonstrate investment into the Property. There is therefore no basis to conclude that granting the variance would diminish the value of any of the other properties in the area.

5. A. Literal enforcement of the provisions of the ordinance would result in unnecessary hardship if: Owing to the following special conditions of the property that distinguish it from other properties in the area:

The Property's proximity to South Willow Street and Interstate 293, the preexisting building, and the substantial distance from residential zones and less intense uses are all special characteristics of the Property.

i. No fair and substantial relationship exists between the general purposes of the ordinance provisions and the specific application of that provision to the property; and

Historically, requiring dog kennels to be on large lots generally helps reduce noise and odor for neighbors, provides enough space for animal waste management, and prevents overcrowding. In this case, operations will take place predominantly inside the building. As part of the renovation, the Applicant will also be installing an entirely new HVAC system with modern heating and cooling equipment. Energy Recovery Ventilators, a ventilation system that replaces stale indoor air with fresh outdoor air, will be incorporated throughout the facility to continuously exchange indoor air with fresh outdoor air and improve ventilation, air quality, humidity control, and odor management.

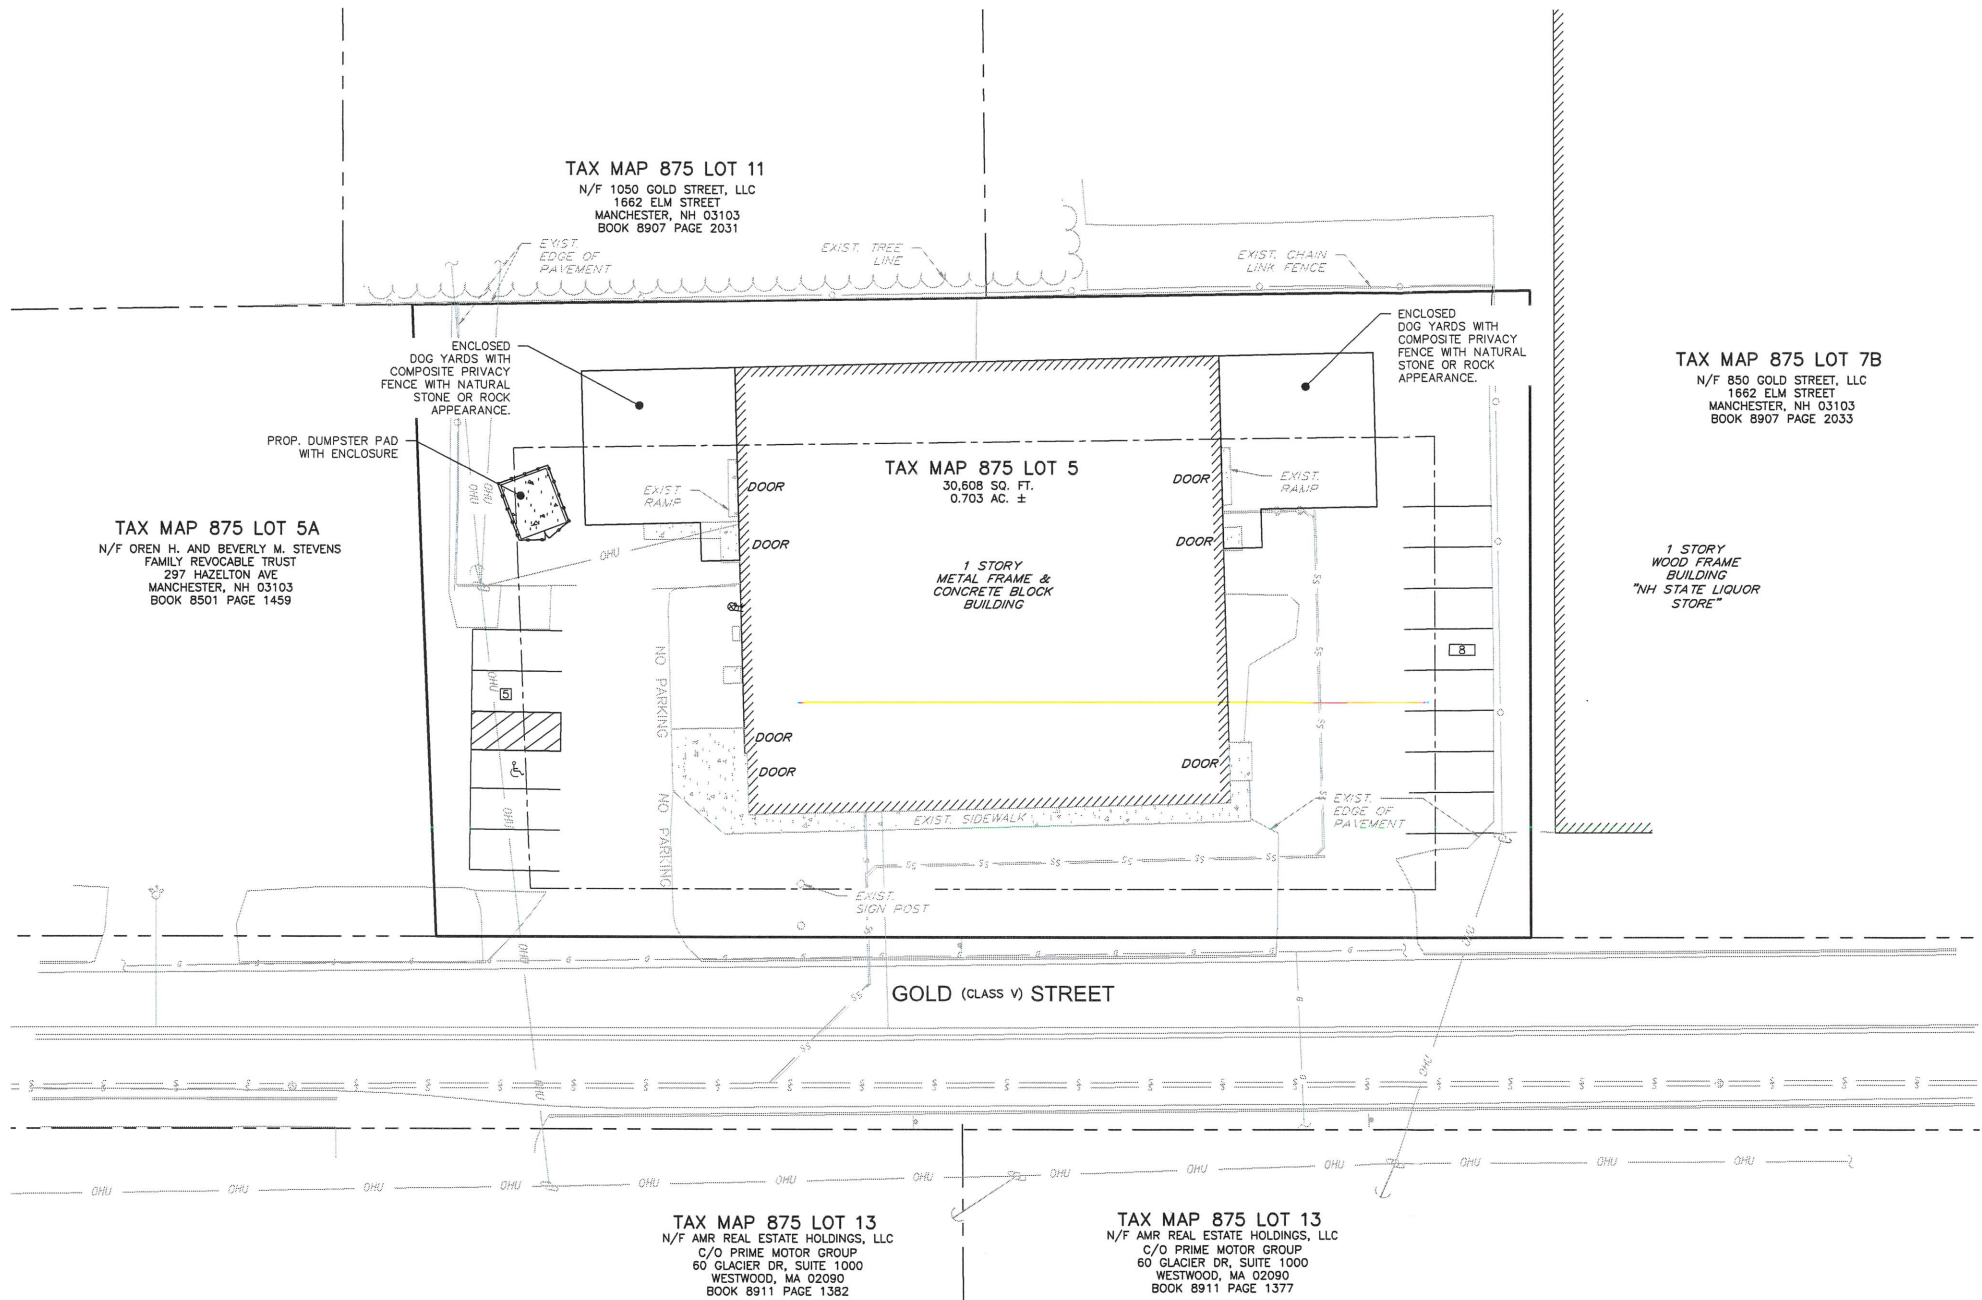

The Applicant is also proposing two relatively small outdoor play yards along the rear left and right sides of the building. There will not be any kennels, cages, or overnight boarding areas in either outdoor yard and dogs will never be left unsupervised in the outdoor yards. The yards will only be used for supervised daycare play in small groups and to allow dogs an area to relieve themselves. Both outdoor yards will be specifically designed for commercial pet use, and will feature commercial-grade artificial pet turf installed over a drainage system. The yards are designed to drain into the sanitary sewer system rather than allowing urine or wash water to discharge into the soil or stormwater system. This will allow the yards to remain clean and sanitary and will control odors. The outdoor yards will also be surrounded by an approximately 8-foot-tall solid composite fence. The fencing is a high-end solid material designed to resemble natural stone rather than an open chain-link-style fence. In addition to providing security and privacy, the solid fence will help screen the yards and reduce the transmission of noise to surrounding properties.

As a result of the indoor use and thoughtful outdoor design, the general purposes of the Ordinance's 45,000-square-foot requirement can be achieved on the Property without the need for an additional 15,000 square feet. Animal noises and smells will be contained and controlled, and area pet owners will be provided with a great option for dog daycare and boarding.

ii. The proposed use is a reasonable one.

Dog kennels are permitted by conditional use permit in the BC-2 zone, indicating the City's understanding that this use is reasonable provided certain conditions are met. As stated above, the proposed use provides a necessary service for the City's dog owners, has been designed to

minimize effects on surrounding properties, and will revitalize an unused building. These factors render the proposed use reasonable.

PLANS OF REFERENCE:

1. CITY OF MANCHESTER NEW HAMPSHIRE DEPARTMENT OF HIGHWAYS, GOLD STREET SANITARY SEWER (GOLD ST - MARCH AVE. TO SO. WILLOW ST.); ON FILE WITH THE CITY DPW AS PLANS B1-1B.
2. HILLSBOROUGH COUNTY REGISTRY OF DEEDS (H.C.R.D.) PLAN #2613.
3. H.C.R.D. PLAN #7681.
4. H.C.R.D. PLAN #9286.
5. H.C.R.D. PLAN #11906.
6. H.C.R.D. PLAN #12827.
7. H.C.R.D. PLAN #25151.
8. H.C.R.D. PLAN #31014.

GENERAL NOTES:

1. THE PURPOSE OF THIS PLAN IS TO CONVERT AN EXISTING AUTO REPAIR FACILITY TO A DOG DAY CARE / KENNEL FACILITY.
2. AREA OF PARCEL: 30,608 SQ. FT. (0.703 AC±)
3. OWNERS OF RECORD: OREN H. AND BEVERLY M. STEVENS FAMILY REVOCABLE TRUST 297 HAZELTON AVE MANCHESTER, NH 03103
4. THIS LOT IS LOCATED IN THE BC2 (COMMERCIAL) DISTRICT AND IS SUBJECT TO THE FOLLOWING DIMENSIONAL REGULATIONS:

TABLE OF DIMENSIONAL REQUIREMENTS		
DESCRIPTION	REQUIRED	PROVIDED
MINIMUM LOT WIDTH	100 FT.	-
MINIMUM LOT DEPTH	100 FT.	-
MINIMUM BUILDABLE LOT AREA	45,000 SF (KENNEL / DOG DAY CARE)	-
MINIMUM LOT FRONTAGE	N/A	-
FRONT YARD SETBACK	10 FT MIN. 25 FT MAX.	-
SIDE YARD SETBACK	20 FT	-
SIDE YARD SETBACK (TOTAL BOTH)	40 FT	-
REAR YARD SETBACK	30 FT	-
MAXIMUM LOT COVERAGE	75%	-
BUILDING HEIGHT	40 FT.	-

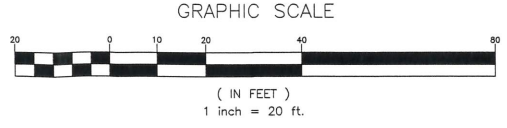

5. MAP 875 LOT 5 WILL BE SERVICED BY MUNICIPAL WATER AND SEWER.
6. THE SUBJECT PARCEL IS NOT LOCATED WITHIN A FEMA SPECIAL FLOOD HAZARD AREA (100 YEAR FLOOD) AS SHOWN ON THE FLOOD INSURANCE RATE MAP FOR HILLSBOROUGH COUNTY, NEW HAMPSHIRE MAP NUMBER 33011C03790 EFFECTIVE DATE 9/25/2009.
7. EXISTING CONDITIONS INFORMATION SHOWN HEREON WAS TAKEN FROM A FIELD SURVEY PERFORMED BY CONNOLLY LAND SURVEYING, LLC IN JULY 2026.
8. THE FOLLOWING LOCAL, STATE, AND FEDERAL PERMITS ARE REQUIRED FOR THIS PROJECT

DESCRIPTION	STATUS	PERMIT No.
LOCAL ZONING APPROVAL	-	-
LOCAL SITE PLAN APPROVAL	-	-

9. THIS PROJECT REQUIRES THE FOLLOWING PLANNING BOARD ITEMS:
 - CUP FOR ANIMAL BOARDING AND/OR KENNELING FACILITY IN THE BC-2 DISTRICT.
 - CUP FOR REQUIRED PARKING
12. THIS PROJECT REQUIRES THE FOLLOWING ZONING BOARD ITEMS:
 - VARIANCE, MINIMUM LOT SIZE OF 45,000 SF.
18. PARKING CALCULATIONS:
 - ANIMAL BOARDING AND/OR KENNELING FACILITY - 1 PER 500 SF OF GROSS FLOOR AREA = 9,367 SF / 500 SF = 18.7 = 19 SPACES
 - PARKING PROVIDED = 13 SPACES
